Github Page: <https://github.com/alelodato>

Portfolio Projects:

- **Sneakers Vault** - E-Commerce website built using React for the frontend and Express to manage a mock checkout system powered by Stripe.

Link to the project: <https://sneakers-vault-jet.vercel.app>

- **Vibook** - Social network website, built as final project for the Code Institute Full Stack Developer Course. The project has been built using React for the frontend and DjangoRest framework for the backend API.

Link to the project: <https://vibook-557c0bb75197.herokuapp.com>

- **Sapore Di Mare** - Made as fourth portfolio project for the course, this is a full stack project made using Django. Is a website for a fictional restaurant, that also features a dynamic booking system.

Link to the project: <https://sapore-di-mare-0503ed908911.herokuapp.com>

- **Pictures And Places** - An interactive quiz game, made as my second portfolio project for the course. Initially made using only JavaScript (as requested by the course assessment), and later implemented with a database for player scores storage, using Express.

EXPERIENCE

11/2016 - 03/2025

Waiter / Sommelier

Les Ambassadeurs Club | London, England

- Organizational and time management skills

- Supported team members during rush hours, delivering fast service process high-volume food and drink orders at peak times. Demonstrating flexibility and teamwork in a fast-paced environment.
- Fostered a positive and collaborative working environment, especially when issues happened, providing quick solutions and working in team, contributing to morale and overall restaurant success.
- Promptly cleaned tables after customers left the restaurant, keeping establishment clean, organised and to company standards.
- Checked in on customers frequently, ensuring guest satisfaction and acting on requests as required.
- Helped with restaurant opening, assisting with tasks including stock replenishing, setting tables and cleaning where necessary.
- Maintained knowledge of current menu items, garnishes, ingredients and preparation methods.

05/2016 - 10/2016

Warehouse Operative

Primark | London, UK

- Performed manual loading/unloading and operated forklifts and pallet jacks for goods handling, storage, and shipment preparation.
- Packed items and labeled parcels for distribution.
- Managed shelf restocking following established criteria and procedures.
- Placed goods in receiving, storage, and shipping areas using forklifts and pallet jacks.
- Inspected incoming goods and reported anomalies to supervisors.
- Scanned package barcodes and completed transport documentation accurately.
